Airhead!

The diary of an incompetent air-con apprentice...

MONDAY

Blimey, Max has been acting weird since last week's meeting with the accountant and lawyer. Today we got a legal letter – some kind of invitation, but it didn't seem to cheer him up. When the postman rang at the door, Max hissed "Ssshhhh!", then hid in a cupboard. "You can come out now", I said after, "It's OK, I signed for it on your behalf – here you are." Max snatched the envelope from my hand. "You effin' idiot!" he growled, and then stormed out. Ungrateful or what?

TUESDAY

My apprenticeship with AI-Cool comes to an end in 3 weeks – wow, the year's flown by! A real roller-coaster, definitely some dodgy moments, but surely Max will recognise my qualities and potential? He's bound to offer me a permanent contract – he'll be begging me! On his knees!

WEDNESDAY

"You've brought my business to its knees, you jumped-up little twerp!" Max snarled, when I asked him about a permanent contract. "You've done nuffin' but cock things up from day-one!" "But surely I've improved?" "Oh yeah - at cocking things up! Want me to set it out in writing?" "Er, well..." "Right – I'll do that! I'll waste some more time writing down what a waste of my bloody time you've been!" Then he slammed the door and left. Probably wasn't a good moment to ask.

THURSDAY

Found a report on my desk: *Apprentice Year of Aaron Hedd - Positives & Negatives.* **Sep 2011:** Dropped solar panel on my foot (broke both). Disturbed female client in bathroom (twice). **Oct-Nov:** Damaged

4x air-con units. **Dec:** Destroyed 1x more. **Jan 2012:** no clients (safe). **Feb:** installs in wrong house. **Mar:** loses underfloor heating instructions (under the floor). **Apr:** incorrect marking causes wall collapse. **May:** routine service destroys air-co. **June:** Orders 5000 remotes for TVs instead of air-co. **July:** Sends accountant classified activities file – company currently facing prosecution.

FRIDAY

Spoke to Max today. "Er, Max, I read your report.. The 'Negatives' page, anyway..." "And?" "Well, er, I couldn't find the 'Positives' - ?" "Your point being.....?" Oh dear.
